

2013-2016 Plan's Guidelines

By Vassily Titov, nominee for the FIG presidency

- Holding a meeting to set tasks for the newly elected FIG administration for the coming four years immediately upon transfer of authorities from the previous administration.
- Establishing commissions and joint task forces under the FIG Executive Committee: developing the joint task forces interaction principles, as well as FIG official and non-official competitions schedule and procedure improvement methods.
- Developing ways of improving performance of the FIG judges, rules and regulations for FIG refereeing. Setting up special task forces integrating specialists from various fields to amend the Code of Points.
- Constant improving of the permanent monitoring system for referees taking part in the official FIG competitions. Making judge ratings and their adjustment subject to the results of annual official competitions more transparent for mass media. Linking monetary compensations of referees to this rating.
- Developing the action plan for correction of competitions procedure to raise TV and other media interest in the competitions coverage.
- Persuading the IOC Management to include acrobatics in the Olympic Games program.
- Preparing the action plan for the coming four years in cooperation with the representatives of continental unions.
- Taking measures to increase funding to continental unions through attracting additional sponsors.
- Providing Webcasts of all official FIG competitions in all gymnastic disciplines.
- Considering the issue of entering junior competitions into the list of the FIG Official Events.
- Reviewing the FIG Calendar for competitions of the Youth Olympic Games age group.
- Holding the FIG Council meeting to consider further development of all gymnastic disciplines in the world.
- Preparing and approving the Technical Regulations in compliance with the IOC requirements.
- Developing and approving the system of selecting athletes for participation in the 2016 Olympics.
- Considering proposals of the FIG Secretariat on improving operating conditions of the FIG Administration.
