

A mount **to a three (3) second hold** is given the value of the mount and the following static hold and is regarded as one (1) element.

Clarification: Is the element below regarded as a new element or a variation of an existing element?

Answer: It is regarded as a variation of the element and receives 21v - the following co-ordinates should be used:

Page 51: 40 – T4 - 4/4 Front = 21v

Correction to the TOD: The values in the 6/4 table on P47 are incorrect and should be adjusted as set out below.

6/4	10	26	29	33	30	36	42
	10	26	29	33	30	36	42
	12	30	33	37	34	40	46

Clarification: In the dynamic and combined exercise links **do not** have to be used for difficulty and declared on the tariff sheet. However, three (3) links can be used for difficulty and must be declared on the tariff sheet.

COMPETITION ATTIRE:

We still see a lot of skirts not by the rules. Skirts **must cover**, but not fall further than **the pelvic area of the leotard** and also at the back side the skirt should cover the leotard!!!

Scores and scoring :

A decision has been made by the FIG that the **0,3 tolerance between scores is not longer required.**

The CJP no longer have to bring the scores into tolerance. Their role is to give the CJP deductions, to manage the judging panel and report to the SJ if necessary. Only in exceptional circumstances (an impossible scores was given) will there be any intervention by the Superior Jury (eg: score of 9.3 when a fall occurred)

New elements:

A request for formal evaluation by the TC Acro must be submitted, using the official form found in the Tables of Difficulty, to the TC Acro Secretary by email. kwacro@aol.com, before June 1.

FIG Acro World Cup, Maia, POR – March 2016

With two event titles apiece, Great Britain and Russia were the most successful nations at the Maia World Cup in Maia (POR).

In the absence of Russian World Men's Pairs champions **Konstantin Pilipchuk** and **Alexei Dudchenko**, **Alexander Kvasov** and **Andrei Charikov** filled the void, claiming gold over 2014 World finalists **Arne Gelder** and **Vincent Casse** (BEL), who finished just off the podium last summer in Levallois (FRA).

As the new season dawns in Acro, a new generation is rising as well. In the Mixed Pairs category, in lieu of reigning World champions **Revaz Gurgendidze** and **Marina Chernova** (RUS), **Ekaterina Vdovina** and **Maksim Soprunov** stepped into the spotlight, winning their first World Cup gold ahead of **Solano Cassamajor** and **Yana Vastavel** (BEL) and 2014 World bronze medallists **Kylie Boynton** and **Ryan Ward** (USA).

Results:

Men's Pairs:

1. Alexander Kvasov and Andrei Charikov, RUS, 27.400

Some of these Acrobat Gymnasts were medallists in the past World Age Group Competition (Paris, 2014) or were finalists in that same competition.

CONGRATULATIONS to them all.

Note from Blythe Lawrence - member of the media team at the FIG:

When something happens in the World of Acro, we totally want to hear about it. We'll do articles for the FIG website. We'll work with you to arrange interviews. We'll share the news on Facebook and Twitter. Sending us news of honors gymnasts receive, of cool things they're doing when they aren't in the gym, their special projects, anything unusual would be excellent. Please contact me at: blawrence@fig-gymnastics.org
