In the event of injury and/or the need for replacement, a partnership or gymnast may be selected until 9th June or in exceptional cases, until departure for the World Championships. 2. Once the Team selections have been confirmed by the Approval Panel and announced, all selected gymnasts [including the reserves] must agree not to withhold information on training fitness, injury status or illness that could affect training or competition readiness. This principle should be respected from the point of selection until the conclusion of competition. Failure to share information that subsequently comes to light and is deemed significant, may result in de-selection of a gymnast and their partnership. 3. Once selected until departure for the Championships, where a gymnast / partnership is unable to train for a significant period time, [where a significant period of time is defined as seven continuous days or more], the primary coach must declare this information to the Performance Manager. 4. All selected gymnasts must declare medications they are taking, in particular the use of any restricted medications and submit these in writing for the attention of the Performance Manager. 5. At any stage following the selection announcement and prior to departure to the competition, should any partnership / gymnast fail to reach <u>performance</u> expectations in training or competition, the National Coach may recommend de-selection to the Performance Manager / Selection Panel. If supported by the Selection Panel the case will be referred to the Approval Panel who will consider this recommendation, provide an opportunity for the gymnast / partnership to make a counter-argument, and then pass judgement. Written justification must be provided for all removals. Decisions on these matters are not open to appeal. 6. A gymnast / partnership or coach may be removed from the Team in the event of non-compliance in training, a breach of responsibility to the Team or a violation of the Codes of Conduct adopted by the Team. Prior to removal the gymnast / partnership or coach must be presented with the opportunity to attend a removal interview with the Head of Delegation [or their appointed representative] and where possible one other independent person. Written justification must be provided for all removals by the Head of Delegation. Decisions on these matters are not open to appeal. 7. In the event there is a breach of responsibility to the Team or a violation of the Codes of Conduct adopted, during or after the competition, i.e. the banquet and prior to returning to the UK, depending the circumstances, gymnasts or officials may receive a penalty. In the case of a gymnast this will impact on present or future partnerships they are in until the expiry date of the penalty imposed. 8. At any stage following the arrival of the Team at the Championships and during the event, should any gymnast/partnership fail to reach <u>performance</u> expectations in training or competition, the National Coach may recommend de-selection to Head of Delegation / Performance Manager. The Head of Delegation / Performance Manager will consider the recommendation, provide an opportunity for the gymnast/partnership to attend an interview to make a counter-argument, and then pass judgement. Written justification must be provided for all removals. Decisions on these matters are not open to appeal. 9. At any stage following the selection announcement, should there be a doubt over the ability of a gymnast / partnership to compete to the best of their ability <u>due to an injury or illness or other circumstance</u>, the following procedure will be adhered to: <ol style="list-style-type: none"> a) In the event of a medical issue the gymnast will be referred to British Gymnastics' a designated medical official to undergo examination to determine their fitness to participate. Initially this will be based on an assessment of whether or not the injury, illness and /or medical condition is such that the gymnast is physically unable to compete or is at risk of causing medical harm to themselves, or endangering other competitors, officials or spectators. b) If the gymnast passes the initial medical examination carried out by the medical official but British Gymnastics still has concerns over whether or not the gymnast is able to compete to the best of their ability due to the underlying injury, illness or condition, the gymnast will
--	--

	<p>be required to undertake a “Fitness Test”.</p> <p>c) The Fitness Test will require the gymnast to perform a minimum of one routine with their partnership to members of the Selection Panel and the National Coach at a set time and location, not later than 9th June. The panel will analyse the routine[s] and must be in agreement that the partnership is capable of achieving the performance standards expected by the time of the Championships and partnerships seen at the Selection Events do not offer a better alternative. Therefore the selection panel must be convinced that the gymnast[s] and partnership can produce a competitive performance result despite the circumstance.</p> <p>d) In the event that a gymnast fails to complete the Fitness Test to the required standard, they will be removed from the Team, a decision that is not open to appeal.</p> <p>10. Any replacement partnership[s] will be made by the National Coach and Performance Manager on the basis of the needs of the Team. . Decisions on these matters are not open to appeal.</p> <p>11. In the event that a gymnast within a partnership changes after the announcement of the team, the new partnership must first be declared to the Performance Manager. A change of partnership may still be considered under the following circumstances: The new partnership is able to demonstrate all three routines and will be ‘assessed’, by the National Coach with a minimum of one or more of the Selection Panel members not later than 9th June. The panel must be convinced, and in agreement that the replacement gymnast[s] and partnership is capable of achieving the performance standards set within the Performance Targets section and there is not a more viable partnership seen at the Selection Event[s].</p>
